

MOTHER GOES TO JAIL TO BE WITH BOY

Pleaded to be Allowed to Care For Him.

IS NOW IN HIS CELL

PATHETIC INSTANCE OF MATERNAL DEVOTION.

The unselfish depth of a mother's devotion was exemplified in a most pathetic and striking manner at the city jail last night, when Mrs. Alice Robinson, a widow, after a futile effort to secure the release of her 13-year-old son from the dinky old prison where he is serving fifteen days for an alleged assault on a Chinaman, cast herself into jail with her boy to share his dark cell and care for him. The widowed mother strove hard for two days to get her child released, but failing and having no money to pay his fine, she preferred the prison cell with him than home without him. In tears she pleaded with the officers who allowed her to go behind the bars of the prison.

The boy is Harry Robinson, who, with Charles Wheeler, aged 13 years, was sentenced by Judge Timmony last Saturday to serve fifteen days in jail or pay a fine of \$10 on a charge of assault and battery, alleged to have been committed upon Charlie Sling, a Chinese peddler. Sling charged the boys had thrown stones at him and struck him in the face.

The lady, who appeared in court without anyone to look after her interests, pleaded guilty to a charge of assault and battery. The Chinaman was called upon for his side of the affair, but no evidence upon the boys' side was taken, and they were fined upon their plea of guilty. Later it developed from the statements of witnesses of the affair that young Robinson did not throw at the Chinaman at all and Wheeler threw only one stone, the rest of the affair did not appear in court.

The relatives of young Wheeler paid his fine yesterday, but Mrs. Robinson, amid an outburst of tears and sobs, explained to the officers that she was a widow working for \$3 a week and couldn't pay her boy's fine. She pleaded and yesterday she searched continually for someone to release her boy, but as the mayor was not in the city she could find no one who would take the responsibility, and in despair she cast herself into jail with him to stay until today, when she will make another effort to get her boy free.

NO BEER AT RESORTS.

Mandate of the Sheriff Was Obeyed Yesterday.

To all outward appearances yesterday was dry enough at the pleasure resorts in this county to satisfy the most ardent temperance advocate. Special orders had been given by the sheriff to enforce the law, and the officers were detailed at these places. There were plenty of beer and soft drinks, as is always the case on Sundays, but the absence of evidence that beer was being sold, and the frequent complaints of patrons that they could not work the combination for the drinks made it reasonably certain that the law was not violated. Out at Calder's the crowd had a soft drink.

It was different in the city, however. Every resort and saloon of the saloons was open and the usual brisk Sunday trade was done.

HAD A HEMORRHAGE.

California Restaurant Employee Stricken on the Street.

John McClellan, an employee at the California restaurant, was seized with hemorrhage of the lungs yesterday at Fifth South and Main streets yesterday afternoon and taken to the police station for medical attention. McClellan was going on an errand for the restaurant when the attack seized him.

The police were summoned and he was removed in the patrol wagon to the station, where Dr. King was called to attend him. The doctor, after examining the patient, said he was suffering from consumption and had him sent to his room in the Revere House on State street. His condition is quite serious.

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 82 degrees; minimum temperature, 62 degrees; mean temperature, 74 degrees, which is 2 degrees below the normal. Accumulated excess of precipitation since the first of the month, 12.25 inches. Accumulated excess of precipitation since the first of the month, 1.1 inch. Accumulated excess of precipitation since Jan. 1, 1.06 inches.

Your druggist will refund you the purchase price if you are not satisfied. Price, 25c and 50c a package. For sale by Godde-Pitts Drug company.

Weather Observer Says Cloud-bursts Are to be Expected.

While the tremendous thunderstorms which have taken place so far in the month of August, causing great loss of life and property, are greater than usual, they are not phenomenal. This is the opinion of Forecaster Murdoch, who dispenses the weather for Utah.

For some time there have been severe storms which have been commonly termed "cloud-bursts" and which have resulted in severe floods wherever canyons formed the only outlets for the downpours.

"These severe thunderstorms are likely to occur in the month of August," said Mr. Murdoch. "The conditions are favorable to them in this month. The thunderstorms are usual in the summer, when there is warm and stagnant air. The heat causes an ascending current, which carries the moisture upward. As the moisture rises it cools, and forms cumulus clouds, which descend suddenly in the form of thunderstorms. Mr. Murdoch says the so-called "cloud-bursts" are really only severe thunderstorms, which fall on the mountains and find their only outlet in canyons. The outlet being so restricted, the results are floods.

The first eight days in the present month have resulted in four thunderstorms. Last year there was only one in the entire month. Two years ago there were eight in the month, and the record for previous years was as follows: '98, five; '97, two; '96, four; '95, none; '94, three. The maximum was in '88, when twelve thunderstorms were recorded for the month.

PLANNED SALE OF THOROUGHBREDS

Cattlemen Inaugurating New Movement.

WOULD AUCTION STOCK

BENEFITS OF PROPOSITION ARE POINTED OUT.

The thoroughbred beef cattle breeders of Utah are talking of inaugurating an annual fair sale of pure bred cattle. It seems probable now that the movement in that direction may be sufficiently hastened to insure the holding of the first sale during the fair week this fall. The plan of the promoters is to include an invitation to such breeders as J. R. Allen & Sons, the Ford Brothers, John H. Beeley, John H. White and the Island Improvement company, Harold Jennings, William Barber, the Cannon company, T. R. Cutler and other breeders of the best strain of pure blood cattle, to put a few head of the best representatives of their herds into a combination dispersion sale. The offerings are to be limited to an aggregate of fifty head, including males and females, and all to be sold at auction to the highest bidder.

It is believed by breeders that through the establishment of this periodical recurring sale day an opportunity will be given the pure breeders to disperse their product advantageously, both as to price and a favorable advertisement for their cattle, and it is also thought that if the cowmen and small stock farmers of the state are given such a chance each year to buy one or more head of pure bred cattle, the improvement of the quality of cattle in the state will be greatly accelerated, and the breeders will be able to produce common cattle will be a "them small bands of pure bloods."

The idea of holding an auction sale at least once a year has been favorably received by every breeder to whom it has been submitted by the promoters, and the fair week is also so proved as the time when it could be most fittingly held.

The following well-known short horn and white face men have already expressed a willingness to put from two to six head in the sale this fall if it is decided to hold one.

J. R. Allen & Sons, Ford Brothers, J. H. White and J. C. Leary & Co., and the others have not yet been solicited. If the directors of the D. A. & M. society approve of the plan and the holding of the sale in the grounds, as well as its advertisement in connection with the fair, there is little doubt but that the breeders will get together.

SPERRY HOME RIFLED.

Burglars Break Into Bishop's Residence and Steal Things.

The residence of Bishop Harrison Sperry, at 1409 South Third East street, was broken into last Saturday night by burglars. The family is away from the city and the burglars had an easy time looting the house. They retained entrance by removing the sash of one window.

Yesterday morning when Will Sperry, who lives across the street, went to his father's home to look after the stock he found the window open, and on examining the inside found that the whole place had been turned upside down. A large quantity of jewelry, consisting of rings, chains and like ornaments, were missing. The matter was reported to the police, but no clue has been obtained.

HAS APPENDICITIS.

Bert Rasmussen, Handball Expert, is Stricken.

Bert Rasmussen, the well known handball player of the Y. M. C. A., who for some time past has been with a party of survivors in Nevada, was brought to this city yesterday morning suffering from a severe attack of appendicitis. He was taken to the Holy Cross hospital and is now under the care of Dr. E. V. Silver.

Mr. Rasmussen was taken sick several days ago and his condition became such that it was necessary to send him to a hospital and he was brought in on the morning train yesterday. Dr. Silver is hopeful that an operation may be avoided.

FELL THIRTY-FIVE FEET.

Roumaine Gets a Tumble at Calder's Park, But is Unhurt.

The crowd at Calder's last night got a sensation that wasn't on the bill. Roumaine, of the Clifford & Roumaine team, attempted to ride his bicycle down the chute from the top of the pavilion, but he was taken to the rescue by the edge of the water a ladder broke and he fell a distance of thirty-five feet into the mud and water. He was unhurt, but the bicycle was wrecked. Last night's balloon ascension was a perfect success. One of the largest crowds of the season was at the resort yesterday.
